

Congress of the United States
House of Representatives
Washington, DC 20515-1317

March 31, 2023

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Storm Management System Installation from Broadway and Beaufort Intersection to Sugar Creek in fiscal year 2024. The entity to receive funding for this project is The Town of Normal, located at 11 Uptown Circle, Normal, IL 61761. The funding would be used for installation of updated storm systems in low-lying areas that are prone to flooding. The project is an appropriate use of taxpayer funds because an upgraded storm system will reduce the negative impacts of flooding on local businesses and assist the Town of Normal in maintaining the economic vitality of the Uptown central business district.

The project has a Federal nexus because the funding provided is for purposes authorized by the Community Development Block Grant (CDBG) program: 42 U.S.C. 5305(a)(2). I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Rep. Eric Sorensen
Member of Congress
